

### Step 1

**From the Main Menu select Account**

## Step 2

**Select User → Click on Add User to create a new Username and Password**

**Note:** You cannot modify the systems defaulted User Names.

### Step 3

Create a Username and Password for your new account

Select the permissions you would like the account to access

ACCOUNT

LIVE

> USER

1	Username	Group Name	Edit	Delete	Status	MAC Address	Memo
1	admin	admin			Normal		admin's ac

Add User

Username: test

Password: .....

Confirm Password: .....

Memo:

Group: admin

Period: Setting

User MAC:

Authority

System Playback Monitor
