

## Step 1

From the Main Menu select Account

## Step 2

Select User → Click on Add User to create a new Username and Password

**Note:** You cannot modify the systems default User Names.

### Step 3

Create a Username and Password for your new account

Select the permissions you would like the account to access

ACCOUNT

LIVE

> USER

GROUP	1	Username	Group Name	Edit	Delete	Status	MAC Address	Mem
	1	admin	admin			Normal		admin's ac

Add User

Username: test

Password: ●●●●●●

Confirm Password: ●●●●●●

Memo:

User MAC:

Group: admin

Period: Setting

Authority

System Playback Monitor

- All
- ACCOUNT
- STORAGE
- SECURITY
- SYSTEM MANAGEMENT
- EVENT MANAGEMENT
- BACKUP
- SYSTEM INFO
- NETWORK MANAGEMENT
- DEVICE MAINTENANCE
- MANUAL CONTROL
- CAMERA

OK Back

### Step 4

If successful, you should now see your new user listed below

ACCOUNT

LIVE

> USER

GROUP	2	Username	Group Name	Edit	Delete	Status	MAC Address	Mem
	1	admin	admin			Normal		admin's ac
	2	test	admin			Normal
